Notes

1: Only 3 weeks to prepare for the season so I've included Saturday sessions for the pre season, time for these sessions will depend on numbers and what suits most people

2: Looking for **two** teams to play against Yarraville Club so please keep that in mind as a save the date if you're looking for a good hit out before round 1. These games will be played as if it's a regular game to get familiar with the new COVID rules around playing cricket

3: Dan Andrews has given the all clear to use public cricket nets 1on1 so no reason you can't get a head start and get out there now with a team mate or friend.
